Number 49

## County May Reverse Stand on Hospital During Special Meeting This Morning

### County To Provide Parking Area On Both Sides of New Building

More parking for cars in downtown Canyon will be provided soon when the Randall County Commissioners Court completes plans for providing spaces on the present courthouse lawn.

The commissioners decided to establish parking south of the courthouse on each side of the new jail building, but they have not decided on the exact plans. Several plans have been submitted, but none are completely acceptable.

The commissioners do not want to disturb any more trees than necessary, and their regard for the

trees has slowed the planning. As plans stand now, a limited number of spaces, mostly for sheriff's department cars, will be provided on the west side of the new building.

On the east side, more spaces will be made because the area has fewer trees. On the east side, all those trees planted around the edges of the lawn will be kept. Only one, standing in the middle, will be lost.

The parking areas will be paved. In other business, the commissioners decided to reimburse Paul Lindsey and Bill Sternberg for liability insurance policies the two had purchased to allow them to deliver the county fire truck to country fires during the period when the county did not have a liability contract with the city.

The payment was not requested by Lindsey or Sternberg, but was paid on a motion by Commissioner Clarence Beckman. They are to be given \$10 each.

### TWO EAGLES ON STELLAR TEAM

Two Canyon Eagles were named to the 1-AA Boys All District Basketball team for the 1956-1957 season.

Eleven players were chosen because of a tie for 10th place on the stellar team.

On the team from Canyon were George Snapp and Charles Neblett.

The team list was released by J. E. Miller, district basketball chairman for 1-AA.

Others on the team were Don Alexander, Billy Black and Charles Jennings, all of Muleshoe; Dennis Love and Forrest Lacy, both of Tulia; Teddy Estes and Kirk McAdams, both of Olton; Keith Lowe, Dimmitt; and Gene Hendricks, Dalhart.

### 20th Century's End May Be Noted For Possible Re-Emphasis of Religion

The latter part of the 20th century will be noted by historians as a period of great religious vitality, Dr. D. Elton Trueblood said Tuesday in his opening address of the annual Willson Lecture series at West Texas State College.

"There may be argument on whether or not ours has been a real religious revival," Dr. Trueblood said, "but there is one thing not in doubt. This is a time of openness and of great opportunity."

Dr. Trueblood, professor of philosophy at Earlham College and a leader in the Quaker Church, will give a series of talks daily through Friday for WT students and visitors.

He speaks at 10 a. m. in the Administration Building auditorium. His topics on successive days will be "Who is God?", "Who is Jesus Christ?", and "What is the Church?" He will speak Wednesday at 8 p. m. on "Prayer."

Dr. Trueblood's first address opened observance of Religious

Emphasis Week for WT students, who will hold nightly bull sessions in their dormitories. The sessions will be led by a number of visiting ministers of the Panhandle area.

"The kind of faith we are seeking for this time," Dr. Trueblood said, "is not merely intellectual, and therefore sterile, nor comforting, and therefore having no appeal to the intelligence. We are seeking an evangelical approach, a mood which can be shared by the mind and the heart."

People today are seeking answers to questions about theology and religion, the speaker said. These questions are a sign of hope by sincere seekers, and "only a few of them are asked in a mood of arrogant skepticism."

Dr. Trueblood announced that his lectures at West Texas State will later be incorporated in a book. Many of his lectures formerly made at colleges and for churches have already been printed among his 14 books.

### Wiseman Rites Held Tuesday

Funeral services for John A. Wiseman were conducted Tuesday afternoon in Warren-LaGrone Funeral Chapel by the Rev. H. Doyle Ragle, pastor of the First Methodist Church.

Pallbearers were Ed Weeks, J. C. Curb, Piner Stevens, E. L. Hardaway, John Mathews and Elmer Marshall. Burial was in Dreamland Cemetery.

Mr. Wiseman, 83, died Monday morning. A pioneer rancher in the Channing area, Mr. Wiseman had lived here since 1935.

He was born May 19, 1873, in Denton County, Mo.

Survivors include his wife, Mrs. Nellie Wiseman; three daughters, Mrs. Olga Seales, Canyon, Mrs. Gordon Cobb, Seminole, and Mrs. Otha Walker, Amarillo; three sisters, Mrs. Effie Mitchell, Redlands, Calif., Mrs. Stella Westner, Sedalia, Mo., and Mrs. George Hansford, Kansas City, Mo.; 11 grandchildren and six great-grandchildren.

### Teams To Canvass County for Funds

Teams of workers under the direction of Campaign Chairman Joe Findley and several campaign captains are organizing a systematic canvass of Randall County for the annual Red Cross campaign.

Six of the teams will work in Canyon under the direction of Mrs. Tom Langston, Mrs. T. V. Crounse, Mrs. Ralph Weaver, Mrs. Lee Foster, Mrs. Milton Morris and K. L. Pond.

Vince Friemel will be campaign captain for Umbarger and other captains will be appointed for the rural areas of the county.

"If you are approached by a Red Cross worker, please give generously," Findley urged. "The organization does outstanding work in time of emergency and also helps in many cases of individual need that are never given publicity."

March is the month for the annual campaign for the American Red Cross.

### Two Fires Reported During Past Week

Two fires were reported during the past week, only one of which caused any damage.

The first, last Wednesday, was in the first house south of the county barn, but damage was slight.

The second, Sunday morning, was a two-wheel trailer which was traveling on the Amarillo highway. The trailer burned about one mile north of Amarillo hill.

Mrs. Ruth Hill spent the weekend in El Paso visiting Lowell, who is stationed there.

### Study of Plans Slated by Court

A reversal of the Randall County commissioners' stand on support of the proposed Amarillo hospital district may come at a special meeting of the court scheduled for late this morning. The commissioners decided to study the proposition at the meeting, which had been called to handle paper work for the refunding bonds issued to pay for the new jail.

About two weeks ago, the commission passed a resolution requesting State Sen. Grady Hazlewood to leave Randall County out of the hospital bill which was then under consideration in the Senate. The bill passed the Senate without Randall County, but has not been passed by the House.

If the commission reverses its stand, a resolution asking that Randall County be placed back in the bill will be sent to Austin.

A discussion of the hospital district came up Monday afternoon during the regular meeting of the court. A letter to the commissioners from Sen. Hazlewood pointed out that the county might be doing wrong to refuse to enter the district.

In the letter, which was confidential, the senator listed reasons why he thought the county should be in the district. The letter also gave background of the writing of the bill.

The commissioners felt that they had not been given enough information about the proposal to make a decision about the county's participation in the district. Several questions were raised during the discussion.

County Judge Roy Joe Stevens was authorized to contact anyone who might have the answers to the questions, including Sen. Hazlewood and F. V. Wallace, chairman of the citizens committee supporting the hospital.

Among the questions the commissioners wanted answered were:

Would the county's payment (a tax of 10 cents per hundred dollar valuation) be used to pay for care for the county's indigents?

Would a new hospital building be constructed, and where would it be located?

If a deficit develops from the operation of the hospital, would Randall and Potter Counties be expected to make up the shortage?

Would any bonds issued by the hospital district affect the interest rate on any bonds that might be issued later by the county?

Would the tax from the two counties be used to help construct buildings and retire bonds, or would the money be used for operational purposes?

The county has an estimated \$8 to \$10 million in valuation outside the city of Amarillo. Only that portion outside the city would be taxed at the 10-cent rate, while that property inside the city would be taxed at a rate of 75 cents per hundred dollar valuation. The 10-cent tax would raise between \$8,000 and \$10,000.

The commissioners consulted Dr. R. A. Neblett asking for any information he might have on the proposed district.

He told the court that the people in the north part of the county, and many of those in Canyon, would benefit from the hospital district, but it might be of negligible value to those who live in the south part of the county.

"I'm not smart enough to know what the answer is," Dr. Neblett said. "I think Amarillo should have briefed the people of Canyon and Randall County on benefits and alternatives of the proposed district."

Commissioner C. Y. Johnson added, "It would have helped to have had more information—I mean some information."

Commissioner Glenn Dowlen said that he feels the county might have to assume hospital responsibility in the next five or 10 years, but that Dr. Neblett's hospital here has made it unnecessary up to now. He said it has been fortunate that the hospital had been here.

The commissioners noted that if they plan to reverse their stand, they must do so in the near future, because the House might take up the hospital bill. They decided they would have enough time to (Cont. on Back Page Section 1)

### Absentee Voting Begins Here Today

Absentee balloting for the special Senate election began this morning. Ballots will be available at the county clerk's office in Canyon, in the branch office in Amarillo or by mail.

The ballot carries the names of 23 candidates for the Senate post vacated by Gov. Price Daniel and filled temporarily by William A. Blakely.

The date for the election will be April 2.

### Two Rocks Cause Damage of \$300

Two rocks thrown at the front of the elementary school Monday night caused an estimated \$300 damage.

The damage was discovered Tuesday morning. One rock had gone through a large pane of plate glass next to the entrance doors, while the other had gone through a pane above the doors and had shattered a pane in an inside door.

In all, three sheets of plate glass were broken. One was a pane that reaches from the floor to the ceiling.

Authorities had not discovered who might have thrown the rocks Tuesday afternoon.

### Second Inoculation Slated for March 21

The second mass inoculation day for polio vaccine is March 21 from 9:30 to 12 noon and from 2 to 6 p. m. The price will again be \$1 for shots given on that day.

Those who need to receive their third shots of the Salk vaccine series may do so at this time at the \$1 rate. The rules set for the first inoculation will apply again; the same price for all ages and shots at the reduced price only on the day designated.

The third injection for those who received their first shot Feb. 28 will be given at the regular price.

### Over 500 Visit Canyon Schools

More than 500 citizens visited the public schools in Canyon during Public School Week last week, a survey of the schools has shown.

In addition to those who visited the classes, there were others who went during mealtime and ate in the cafeterias.

Students also presented programs for both the Lions and Rotary Clubs.

### Senate Candidate Arrives Saturday

State Sen. Searcy Bracewell, a candidate for the vacant U. S. Senate post, will be in Canyon early Saturday morning.

A coffee has been planned for 8:15 a. m. at the Longhorn Cafe for those who wish to meet the candidate. The public is invited.

Melvin Cunningham of Hardin-Simmons University, Abilene, visited his parents, the A. M. Cunningham family, last weekend.

## Buff Stars of Former Years Return For Battle With This Season's Team

It'll look like old times Saturday night in the West Texas gym as former basketball players of WT pit their skills against both the varsity and freshman teams in the annual Exes game.

Tickets for the event are on sale now and may be obtained at the Ex-Student office. The games begin at 7:30 p. m.

Some 15 former lettermen have already said they would play in the games, and others are expected although they have not replied definitely.

The exes will be coached by Hatcher Brown and James Scott. Among those expected to play are

Troy Burrus, J. W. Malone, Cuby Kitchens, Bill Clifton, Austell Burrus, Nolan Poteet, Tommy Rasperbury, Harold Robinson, Bill Price, Bill Birdwell, Dwayne Stewart, Pinky Jackson, Tom Airhart, Lawrence Overcast, Bob Finley, Charles Barnard, Sammy Malone and Kenneth Simpson.

Sponsored jointly by the Rotary Club and the Ex-Students Basketball committee, the proceeds share going to the Ex-Student Association will go into a fund to promote basketball at WT.

The annual Fighting Heart to a West Texas basketball player will be presented by the

Rotary Club during the games. Also to be recognized are the letterman who traveled the greatest distance to attend the game and the one who lettered in the earliest year.

Former WT basketball players are requested to register in the lobby of the fieldhouse when they arrive. A buffet-reception will be held for the lettermen and their families following the games in the classroom at the gym.

A special section will be reserved in the gym for the lettermen and their families. Tickets are \$1 for adults and 50 cents for children.

### Architect's Gift

The U. S. flag flying over the new jail in Canyon was a gift to the county from L. A. Kerr, architect who designed the building. He also gave a flag for the Amarillo office.

### No Parking Ordered on Fifth In Block in Front of School

No parking on the south side of the 800 block of Fifth Avenue was ordered by the city commission Friday afternoon in a regular meeting. The order was posted to facilitate traffic on the street, which leads directly to the front doors of the high school.

With parking on both sides of the street, it is difficult for two cars to meet and pass. The parking ban is effective both night and day.

Dr. C. R. Nester was appointed the city's representative to the bi-county, bi-city health board and City Secretary Andrew Boggs was appointed as the ex-officio member. The ordinance creating the board calls for the City of Canyon to be represented by one official and one ex-officio member.

The commission also agreed to

a lease for the Santa Fe for the ground upon which the newly-acquired water tank stands. The lease terms call for the city's payment of \$25 a year. The water tank was given to the city by the company.

Paving of a six-foot strip on 18th Street between Fourth and Fifth Avenues was also ordered by the commission, to be done when other streets in the area are paved. The order was given to fulfill obligations entered into by previous commissions.

Other business transacted by the city commission was routine.

Mrs. Floyd Moore, Ann and Larry visited Mrs. Moore's mother, Mrs. L. Lawrence, in Wellington Sunday.

### Eagles Win Possum Kingdom Relays In Graham Saturday With 27½ Points

The Canyon High School track team won the Class 1-A first place in the Possum Kingdom Relays in Graham Saturday night with 27½ points.

Charles Neblett was high point man in the class with 13, taking first places in the broad jump and high hurdles. Harlie Adams won one first place in the 880-yard dash.

George Snapp won two second places, one in pole vault and one in broad jump. Elston Burkham took second in the shot put and Richard Burgess won fourth in discus throw. Neblett also won a second place in low hurdles.

In second place in the meet was Decatur with 18 points. Other teams placing were Stinnett and Stamford, tied with 15 points each.

Summary of the 1-A class: Shot Put: 1, Hart, Glen Rose; 2, Elston Burkham, Canyon; 3, Nichols, Lefors; 4, Christian, Stamford; distance 49'6".

Broad Jump: 1, Charles Neblett, Canyon; 2, George Snapp, Canyon; 3, Allen, Henrietta; 4, Williams, Plains; distance 20'7".

Discus: 1, Starr, Haskell; 2, Bradford, Lefors; 3, Jenkins, Hamlin; 4, Burgess, Canyon; distance 138'1".

High Jump: 1, tie among O'Neal, Decatur, and Gortham, Decatur;

Strickland, Decatur; 4, Williams and Keller, Plains; height, 5'9".

High Hurdles: 1, Neblett, Canyon; 2, Strickland, Decatur; 3, Wilson, Hamlin; 4, Christian, Stamford; time, 15.2.

100-Yard Dash: McClellan, Stamford; 2, Clifton, Haskell; 3, Bradley, Childress; 4, Reynolds, Bowie; time, 9.7.

Low Hurdles: 1, Strickland, Decatur; 2, Neblett, Canyon; 3, Ford, Hamlin; 4, Wilston, Hamlin; time, 19.5, new record, old record of 20.6 set by Peters of Wichita Falls.

440-Yard Relay: 1, Stinnett; 2, Stamford; 3, Glen Rose; 4, Childress; time, 45.4.

880-Yard Dash: 1, Harlie Adams, Canyon; 2, Tidwell, Munday; 3, Shields, Hamlin; 4, Cooper, Glen Rose; time 2:07.9.

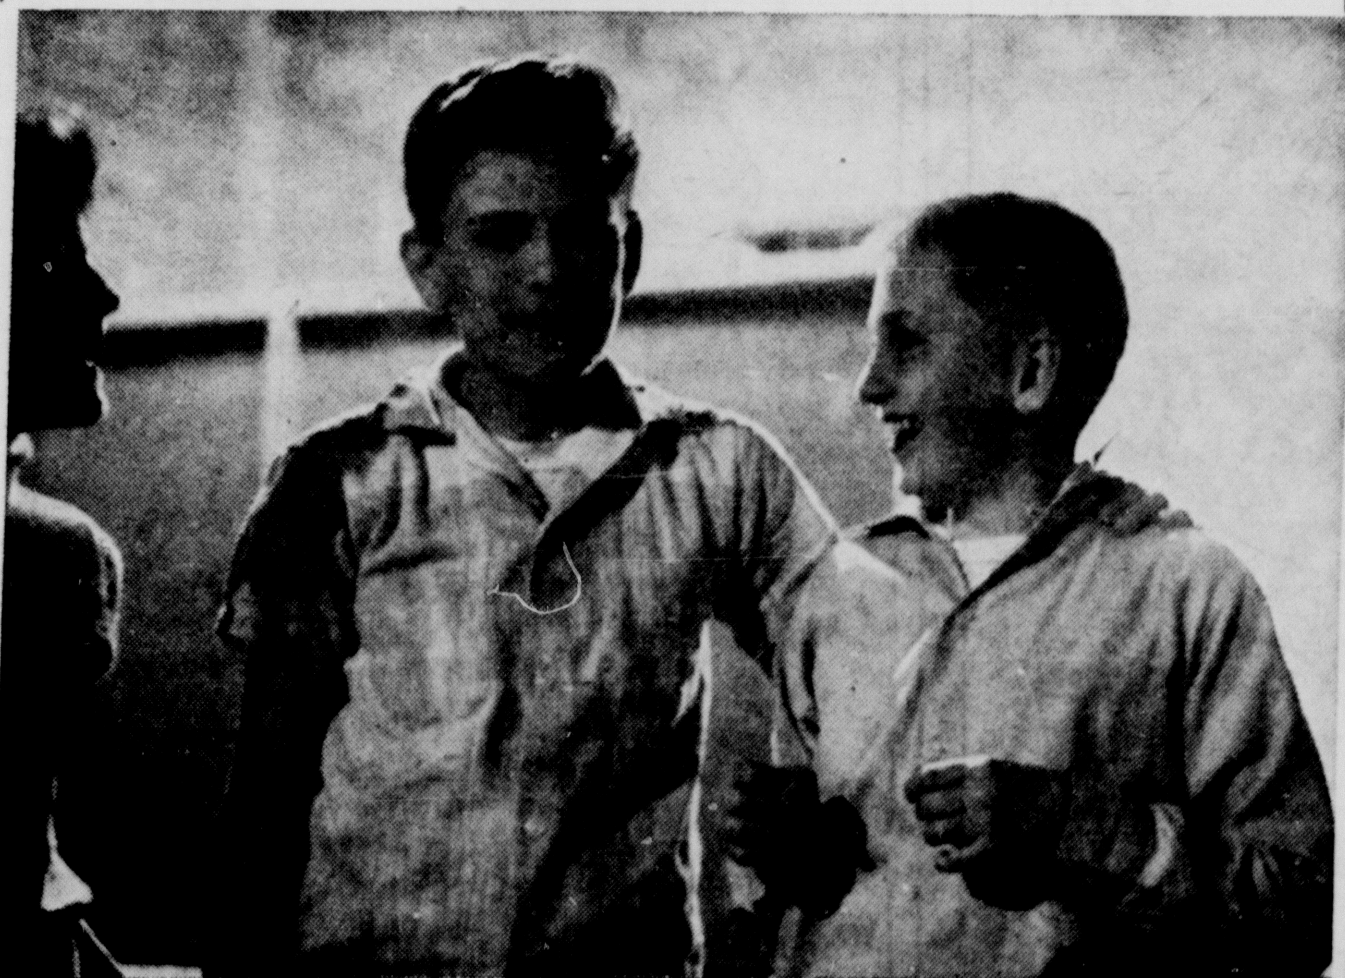

Pole Vault: 1, Keedle, Stinnett; 2, Snapp, Canyon; 3, Baker, Plains; 4, Kinder, Plains; height, 10'6".

220-Yard Dash: 1, McClellan, Stamford; 2, Clifton, Haskell; 3, Reynolds, Bowie; 4, Kenny, Glen Rose; time, 23.0.

One-Mile Run: 1, Briddwell, Azle; 2, Green, Henrietta; 3, Wolf, Muenster; 4, Conway, Lockett; time, 5:02.2.

One-Mile Relay: 1, Stinnett; 2, Hamlin; 3, Childress; 4, Glen Rose; time, 3:36.9.

### Joy Over Name

Bobby Bellah, right, is congratulated by his classmates after the announcement that the name he submitted for the youth recreation organization was accepted. The name, Canyon Youth Club, gained \$10 for the youngster, son of Mr. and Mrs. Bob Bellah.

## EDITORIAL

## Views and Comments

Goodness, I knew somewhat of a rift had developed between Amarillo and Canyon, but I didn't know it had become this wide. During the wet spell, the Amarillo papers have been listing Canyon's moisture totals under the heading "South Plains." Time was when the folks up there considered Canyon on the High Plains, just like Amarillo, and the South Plains started down around Plainview somewhere.

In a copyrighted interview published in *U. S. News and World Report*, John Nance Garner said that taxes aren't too high nowadays.

In answer to a direct question, "Do you think taxes are too high?" the former Vice President said, "No, they're not too high. You reverse that: The appropriations demanding the taxes are too high. You only levy taxes to pay for what the Congress has done or told you to do, told the executive, and so on. It isn't the taxes that are too high; it's the Government appropriating too much money."

"You see, when Congress passes an appropriation bill, then they've got to get the money. We go to the tax man, by going to the Appropriations Committee. When Mr. Cannon (Clarence Cannon, present chairman of the House Appropriations Committee) gets through, why Mr. Cooper (chairman of the House Ways and Means Committee) has to step in and take care of it."

Mr. Garner does believe that spending is too high, and should be cut, and he lays the responsibility for spending cuts directly on the President of the United States. He believes that spending can be cut by sending less money overseas, and replacing it with food.

If less money is spent for foreign aid, then Congressmen will be less apt to spend great sums of money for domestic aid. Mr. Garner, 88, believes that the United States could gain more foreign friends by sending food than by sending money.

Mr. Garner, if you remember, was in Congress from 1903 to 1933 and was Speaker of the House when he was elected Vice President. That year, he was also re-elected to the House by the voters of his district. He believes that if he had not been elected Vice President, he might be Speaker of the House right now. Instead, he left Washington 16 years ago and has never been across the Potomac River again.

Mr. Garner had a large share in drafting the graduated scale of income tax payments, and he probably knows as much about the legislative process as any man, if not more.

Here is an anomaly, of the first order. Postmasters can be, and often are, appointed as a political reward. Oftentimes, the person who is appointed has no experience and little knowledge about how to run a Post Office.

Postal clerks, who might be in line for promotion to postmasterships, are forbidden by law to participate in political activities. Therefore, when a political appointment to a postmastership is made, the clerks are not eligible.

And to make the problem more intriguing, the Post Office Department as a whole is trying to make the postal service self-sustaining by adopting methods that are more business-like. Yet, many of the people in the field who are directing the operations of the department must spend considerable time learning the basic methods because they know nothing about Post Office procedure.

But that's the way we Americans operate our government, and it has worked for a long time now.

A total of 8.4 million out-of-state visitors traveled to Texas in 1956, and spent an average of \$7.71 per day. They stayed an average of 5.9 days, making a total expenditure of \$379 million.

The greatest number were from California, some 1,223,000 people; while the next largest group was from our neighbor to the east, Louisiana, a total of 645,000.

The best year for tourists was in 1955, when 9.9 million outlanders came to the state. The next best year was 1951, when 9.2 million visited us.

Some years ago I read a novel in which the basic ideals of America had changed to such an extent that the ideas of self-sufficiency and neighborliness had disappeared and the goal of the citizenry was to make a living from damage suits, what the legal profession calls "torts."

In the novel, a machine had been devised to judge the cases submitted for trial. As I remember the best citizens, those most looked up to, were those who had won the most cases—there was even a prize, something like immunity from further suit, for those who had won a certain number of cases.

It's sure beginning to look like we are moving in that direction. All over the nation, the legal profession has noted the great increase in the number of damage suits. The courts and legislatures are making it easier to institute the suits, and are making more acts liable for suit.

A good example is the recent court decision making mayors and city commissioners personally liable for damages resulting in fires outside the city limits when the city has no responsibility contract with the county. There was a time when it was considered neighborly for town men to go into the country to help fight a fire.

If an accident occurred and one of the firemen was injured, he would most likely consider it unfortunate and let it go at that. If the injury turned out to be expensive, his friends on the fire department, the farmer who had the fire and lots of other people would pitch in and help pay.

But not today. Now the idea is for the fireman to sue someone and try for enough money to get at least moderately rich—try for more money than the injury cost.

The question has even arisen, since the court decision, if the fire department of one town can go to the aid of another town without a contract.

Suppose a big fire threatened to burn down the business section of Happy. There is a question on whether the Canyon fire department could send a truck down there to help out. Maybe the way to handle it would be for the city commission to say that a truck could go to the fire if the Happy city commission would come up and sign a contract.

It's getting impossible to be neighborly, to help out the people who live around you. We're heading toward a "tort-controlled" society.

This may be a sign of our times, but I understand a local citizen entered the bank the other day, dropped to his knees in a praying position and the banker went to the mortgage files without a further word.

The banker says that the scene isn't quite true. He says he wouldn't go to the mortgage files at all, but would begin shaking his head to and fro while asking, "What collateral do you have?"

Really, though, where could you find a bank that is more willing to service the needs of the community than the First National Bank in Canyon?—BC

## I GIVE YOU

## TEXAS

By  
BOYCE HOUSE

A Comanche pioneer, W. J. Nabers, was in an Indian fight when he was only 13—and all of the Cunningham boys were in at least one Indian battle except the youngest. He begged to be allowed to go but Captain James Cunningham, his father, said no. But the mother declared she would hate to have a son who wouldn't defend his country—words as heroic as those of the ancient Spartan women who told their sons, as they were leaving for war, "Return with your shields—or on them." So the lad was taken on the mission but no Indians were found.

Aunt Susie Cunningham molded the bullets for the companies of Texas Rangers that guarded the frontier; she cooked their food and dressed their wounds and attended them until they recovered. This remarkable woman, a true heroine, had 12 children. She visited the sick, bringing them food. She split rails to enclose ten acres and carried the rails on her hip. When the food supply ran low, she did weaving in exchange for corn and carried a hundred pounds a mile and a half. Once, when Indians were reported in the country and the women were urged to go to a stronghold, Aunt Susie said, "I can't go; I've got a hen that's about to hatch a setting of eggs."

Uncle Tom and Aunt Fannie Brown in 1876 settled two miles south of where DeLeon now is and for two years she walked three miles each day to a neighbor's house and brought back in a bucket the water for their daily use.

Truly our pioneer grandmothers were brave, hard-working, self-sacrificing.

## Tax-Man Sam Sez:

The tax folks say that a lot of taxpayers file their income tax returns and don't attach their W-2's. The W-2 is the little form that your employer gives you in January every year to send in along with your tax return. This W-2 Form shows how much tax you have already paid.

Some taxpayers work in a lot of different places during the year and some of them have trouble trying to dig up all those little slips of paper. Internal Revenue requires all the W-2 forms. If you don't send them in with your tax return they will ask for them. You save time by getting them before you file.

## ABSURD.

Urey — Your absurdity would make a donkey laugh.

Fagua — Yeah, I noticed you was laughing.

## CITATION BY PUBLICATION

THE STATE OF TEXAS  
TO: Marcus F. Bostick, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 15th day of April A. D. 1957, to Plaintiff's Petition filed in said court, on the 11th day of February A. D. 1957, in this cause, numbered 3275 on the docket of said court and styled Zella Bostick, Plaintiff, vs. Marcus F. Bostick, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce on grounds of excesses and cruel treatment, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 25th day of February A. D. 1957.

Attest: MAVIS HILL Clerk,  
47th District Court,  
Randall County, Texas

## Members Attend National Meeting

Members of the Canyon and Palo Duro-Rusk Mother-in-Law Clubs attended last week the National Association of Mother-in-Law Clubs convention in Amarillo. The women assembled March 5 at the San Jacinto Methodist Church.

Speaker at the afternoon session was Mrs. Luther Roberts. Her address, "Womankind," dealt with Biblical characters.

National officers were installed by Mrs. C. C. Cunningham. The Canyon delegation extended an invitation to the group to meet in Canyon March 5, and it was accepted.

Mayor Art Jordan of Amarillo was a special guest.

From the Canyon Mother-in-Law Club were Mrs. T. T. Fain, Mrs. Pearl Bowman, Mrs. G. B. Combs, Mrs. N. A. Croson, Mrs. Myrtle Wester, Mrs. C. H. Stratton, Mrs. C. W. Dunn, Mrs. Isabelle Dickinson, Mrs. Duckworth.

From the Palo Duro-Rusk Mother-in-Law Club were Mrs. P. L. Pitt, Mrs. Laura SoRelle, Mrs. J. L. Hilgenfeld, Mrs. J. P. Hammons,

Mrs. Fred Marshall, Mrs. George Barker, Mrs. J. E. Mickey, Mrs. W. T. Fain, Mrs. Leonard Winters, and Mrs. Rae Walters.

\*Reg. U. S. Pat. Off.

Becoming a grandparent, we heard the other day, is a disease. We failed to find out the originator of this disgraceful slander, but we feel pretty certain it was uttered by some spinster or other childless soul who has no more prospect of grandparenthood than we have of striking oil.

Becoming a grandparent is like all the other important landmarks in life: starting to school, graduating, going away to college, getting engaged, becoming a wife, then a parent. It opens new windows in the heart. It supplies an inner warmth that is entirely pleasurable.

There's the natural delight at seeing a cute baby, only it is intensified by the feeling that you own stock in this one.

Then there's the special glow of happiness that comes with seeing your own child, who was once just as tiny, assuming the grownup manners of a parent. It's a double tingle, doubly sweet.

Instead of a disease, we'd say becoming a grandparent is a cure. It's a cure for self-centeredness, for discouragement, for getting old, for not feeling needed. It's something to live for, day by day.

A month ago we joined the ranks of grandparents, and so far we've had only a snapshot and letters to enjoy.

"Isn't it a shame we live so far away," we moaned to the spouse. "Don't you wish we were rich, so we could fly up there for a weekend, just to see him?"

"Oh, I don't know," he mused. "I'd rather be poor and have a grandson than be rich and not have him."

Disease indeed! We'd say it's a new — and better — way of life.

## Reside in Friona

MR. AND MRS. LONNIE JARRETT

## Nuptial Vows Solemnized Thursday For Frances Dodson - Lonnie Jarrett

Nuptial vows were solemnized Thursday, March 7, for Mary Frances Dodson, daughter of S. V. Dodson and granddaughter of Mrs. Martha E. Dodson, and Lonnie Jarrett of Friona, son of Elder and Mrs. C. L. Jarrett of Floydada.

The Rev. Doyle Ragle, pastor of the First Methodist Church, officiated at the double-ring ceremony in the Joseph A. Hill Chapel. The

altar was flanked with baskets of peach gladiolus and backed with candelabra entwined with lemon leaves.

Organist, Alice Brotherton, accompanied Ray Green who sang "Because," "I Love You Truly," and "The Lord's Prayer." Traditional processional and recessional wedding marches were played.

Lynna Beth Hulsey, daughter of Mr. and Mrs. Lynn Hulsey, and Randy Banks, nephew of the bridegroom and son of Mr. and Mrs. Carl Banks of Amarillo, lighted the candles. Lynna wore an aqua, dotted swiss dress with puff sleeves and full skirt and a wristlet of pink feathered carnations and sweetheart roses.

Mrs. Arthur Seitz of Amarillo attended her sister as matron of honor. She was attired in a street-length, blue cotton dress styled with a full skirt and peter pan collar trimmed in lace. Her accessories were blue and white and she carried a colonial nosegay of pink glamelias accented with a blue butterfly.

Best man was Roger Haley of Higgins, and Don Hollums of Floydada and Bobby Green of Lubbock were ushers.

Given in marriage by her cousin, Bennie Joe Cupell of Amarillo, the bride was attired in a street-length, white organdy dress. The dress was styled with a full skirt, cap sleeves and fitted bodice of embroidered organdy accented with rhinestones. Her fingertip veil of tulle was attached to a white headband decorated with sequins and mother of pearl.

She carried a pearl encrusted prayer book surmounted by her bridal bouquet of cascaded stephanotis around a white hybrid orchid with descending white satin love knots.

The bridegroom's mother wore a print, silk dress with blue accessories and pink carnations. Aunt of the bride, Mrs. E. L. Keene, wore a navy blue faille dress trimmed in black velvet with black accessories. Both wore pink carnations.

A reception was given following the ceremony at the B. L. Cupell

residence. A four-tiered, blue and white cake, topped with a miniature bride and bridegroom centered the table which was laid with a blue damask cloth. Blue candles in crystal holders and crystal and silver appointments were used.

Mrs. Carl Banks, sister of the bridegroom, and Mrs. Bill Cherry, cousin of the bride, presided at the table. Mrs. Pat Sanders, cousin of the bride, was at the guest register.

In the house party were Mrs. Harold Rhodes, Mrs. Q. L. Chapman, Mrs. Donald Edmonds, Mrs. Wilbur Davis and Velma Cupell.

For the wedding trip, the bride chose a linen, tangerine sheath dress with balero trimmed in gold, and a beige and brown fleck duster. Completing the costume were brown and beige accessories and the orchid from her bridal bouquet.

The couple is now at home in Friona where he is teaching in the Friona Junior High School.

Mrs. Jarrett graduated from Canyon High School and attended West Texas State College. He is a graduate of Floydada High School and graduated in January from West Texas State College.

The bridal party was honored with a rehearsal dinner March 6 in the home of Mr. and Mrs. Bill Cherry with Mrs. Cherry and Alice Brotherton as hostesses.

## Special Sewing Sessions Slated

Mrs. Leroy Roberts and Mrs. A. J. Newsom had charge of the Wayside Home Demonstration Club all day meeting Thursday at the Wayside church. They presented demonstrations on pattern fitting, cutting and marketing dresses.

This was the first of three sessions on sewing over which Mrs. Roberts and Mrs. Newsom will preside. The two women attended training courses for leaders at Claude. The two other classes will be in this month.

Sack lunches were eaten at noon. Those present were Mrs. Roberts,

## Park Sewing Club Meets With Sheets

The Park Sewing Club met Thursday in the home of Mrs. Nell Sheets. After a short business meeting, the social hour was spent doing fancy work, hemming skirts and making copper pictures.

Refreshments of angel food cake, Hi-Ho cheese sandwiches, coffee and tea were served to Mrs. G. A. Colling, Mrs. Leonard Winters, Mrs. Donald Ladehoff, Mrs. Charley Winters, Mrs. Les Raymond, Mrs. Flynn Winters, Mrs. Sheets and Jody Sheets.

The next meeting will be in the home of Mrs. Leonard Winters at 2202 Sixth Avenue.

## Mental Health Is Study Topic

Mental health and good family relationship will be the topic discussed by Mrs. Mary Sligar, West Texas State education teacher, Friday at the P-TA study course class in the First Methodist Church.

Chairman for the class is Mrs. George deSchweinitz, and hostesses are Mrs. M. R. Callahan and Mrs. Alfred Daniel.

Mrs. Helen Teague, college campus nurse, is scheduled to speak on home nursing and nutrition Monday.

Hostesses will be Mrs. Jack Barnard and Mrs. Harry Wheeler. Chairman will be Mrs. C. R. Nester.

Both classes are at the usual time, 9 to 11 a. m., and a nursery is provided.

## St. Patrick Hints Given for Roll Call

Roll call at the Variety Ring meeting March 7 was answered with a St. Patrick's party hint and traditional sayings.

The women sewed throughout the evening. The guessing box was passed, but no one was able to guess its contents.

The hostess, Mrs. Fred Marshall, used the St. Patrick's Day decor in the refreshments she served to Mrs. Frank Allen and Mrs. W. P. Reed, guests from Amarillo, and to members, Mrs. Estell Rice, Mrs. Margaret Cole, Mrs. Videll Hogge, Mrs. Mae Johnson, Mrs. Gladys Pitt, Mrs. George Barker, Mrs. Roxie Hammons and the hostess.

## Brother Dies

J. W. Smith, brother of Mrs. S. H. Jones of Canyon, died Thursday, March 7, in Forestburg, Texas. Funeral services were held Saturday. Mr. Smith was 86 years old; his birthday occurring on the day of his death.

Mrs. Glen Phillips of Perryton spent Thursday and Friday nights with her mother, Mrs. R. D. Lowry, while attending the teachers' meet in Amarillo.

## Assignments Given 10 ROTC Cadets

Branch school assignments have been made for 10 West Texas State College senior Reserve Officers' Training Corps cadets who will receive reserve Army commissions here at commencement in May. All will report for two years' active duty within a year.

Five of the cadets have been assigned to the Infantry School at Ft. Benning, Ga. They are Darrell W. Truitt of Canyon, Robert E. Hood of Borger, John C. Middleton of Canyon, James Oswald of Plainview, and Barney Williams of Amarillo.

John T. White of Borger and Tommy G. Pool of Groom will attend branch school of the Quartermaster Corps at Ft. Lee, Va., and Alvin C. Morrison of Ralls and Willie M. Weaver of Canyon have been assigned to the Artillery and Guided Missile School at Ft. Sill, Okla.

Jerry Rowell of Canyon has been assigned duty at the Provost Marshal School at Ft. Gordon, Ga.

Mr. and Mrs. A. B. Berry visited with Mrs. Berry's father, J. N. Sublett, in McLean Sunday.

Buy, Build, Live in Canyon!

## TELEPHONE TALK

## Texas Gains 146,000 Telephones

Some figures I saw the other day showed that 146,000 telephones were added in Texas last year.

It occurred to me that this is enough telephones to supply a city of 400,000 people.

What does this mean to you? Well, it's important to you because you can reach more people by telephone here in Texas than ever before. And it's also good evidence that the telephone company is working to keep pace with the progress of the state.

Right here in Canyon, we added 82 telephones last year, and we're planning to add even more this year to make telephone service more valuable to you and your family.

## Hemo The Magnificent

You'll want to have the entire family around the television set on Wednesday, March 20, at 8 p. m. when the second of our science spectaculars is shown on Station KFDD, Channel 10.

This hour long show will be "Hemo the Magnificent," a dramatic story of the blood and its circulation.

That master showman, Frank Capra, is director and producer of "Hemo." His talents in motion picture and television direction are already so well known that I can't add many more "bouquets" here.

Starring in this picture will be Richard Carlson, perhaps best known for his movie roles and television series, "I Led Three Lives," and Dr. Frank Baxter.

Sharing the star roles with these two are a host of wonderful cartoon characters that the youngsters will really get a kick out of seeing on your television screen. They include a turtle, a deer and a squirrel.

And, the real star - blood - will be characterized by a terrific cartoon character, "Hemo," himself. You'll pardon my pun if I say that the cartoon of blood as personified by "Hemo" is a very warm one.

The cartoon characters were created for us by Shamus Culhane Productions of Hollywood, masters of the drawing boards.

The story of blood is really a fascinating tale and our program will range from showing how the heart would fill the gas tank of your car in ten minutes, to illustrating what happens to a boxer's blood and circulation when he "takes one on the chin."

The program will have enough scientific fact to interest the most learned science professor and enough humor and warmth to fascinate Mom and all the youngsters.

So be sure and turn that television dial to Channel 10 at 8 p. m. on March 20 for a very entertaining hour.

By the way, we'll make a print of "Hemo the Magnificent" available to schools in 16 mm. color film after the nationwide telecast.

Call by number. It's twice as fast.

**SOUTHWESTERN BELL TELEPHONE COMPANY**

## Bellah Entertains Priscilla Women

Mrs. Alfred Bellah was hostess to the Priscilla Club March 6. The afternoon was spent doing needlework.

A dessert course and coffee were served to Mrs. W. R. Crow, Mrs. C. M. Dowlen, Mrs. Dudley Moore Sr., Mrs. Hud Prichard, Mrs. Dewey Foster, Mrs. S. B. Louder, Mrs. C. M. Presley, Mrs. Irving SoRelle, Mrs. R. A. Hodges, Mrs. Ray McReynolds, Mrs. T. S. Stevenson Sr., Mrs. E. D. Walker and Mrs. Madison Daugherty.

Mr. and Mrs. Paul Davidson and daughter of Dallas were weekend guests in the Jim Carter home.

## Drive Safely—Live!

To live, we must be safe drivers! Life is the greatest possession a person owns. Too often this dearest gift is snatched away instantly by careless drivers on our highways.

A life which is so precious weighs approximately 150 pounds, while an automobile is about 3000 pounds of hard steel. One can see there is a slim chance of survival for a person in an accident against such odds.

Each year dreadful statistics are recorded which prove that our lives are in danger every time we venture onto the nation's highways. In Texas alone 42,000 people are victims of our worst enemy every year. To make this large number mean more to us in school, 800 of that number are school children.

The wars that the United States have engaged in since its founding have taken 550,052 lives, while the millionth person was killed on the highways in the 1950's. These figures show that nearly twice as many people have died for no cause at all on the highways, while the half million that died in wars were defending our country.

If such a starting number of defendants of our country were slain as on the highways—even though they were fighting for a valiant cause—the nation would be shaken into loud protests and take definite action against such.

Why can't we stop this slaughter on our highways? Is it because people are indifferent and feel that "it's always the other fellow who has a wreck?" Is it because people have poor attitudes toward others, speed excessively, drink while driving? I believe it is.

If these are the attitudes around CHS, we of The Eagle's Tale staff hope to pull the mist from the students' eyes. We want to make each student desire to be a safe, responsible driver so that he or she may be insured of a long, safe life.

## Cooperation Needed

Cooperation is a word which means to work together for a common purpose in an enterprise, etc., in which the benefits are shared by all members.

Education is a very vital enterprise, for as Aristotle said, "The fate of empires depends upon the education of youth," and William Channing wrote, "It is a greater work to educate a child than to rule a state."

It all boils down to this—teachers play an important role in the success of our lives. Teachers and pupils should work together in the great enterprise of education; hence they should each receive definite benefits.

The teacher is in a position to help, understand and influence her pupils greatly. Most instructors are willing and happy to spend much extra time just to help one individual, but when the students do not cooperate the teacher cannot give all she would like to.

Therefore to get the most from the efforts of our teachers who try so hard to enlighten us—let's cooperate with them! Let us help the teachers in their great work.

## Club Activities

FFAers of the FFA chapter held their monthly meeting on March 11.

A motion picture on livestock was shown and later refreshments were served to climax the meeting.

Dr. Dudley Moore was guest speaker for the Science Club on March 7 at the home of Barbara Lindsey. Dr. Moore spoke on the bones of the body, particularly fracture of bones. Refreshments were served to about 30 members present.

Separate assemblies for boys and girls will be held March 14 at 10:15 a. m. Mrs. Clara Long, acting dean of girls, is in charge of the girls' assembly, and Mr. G. D. Inman, vocational agriculture teacher, has the arrangements for the boys' assembly.

## The Eagle's Tale

Published bi-monthly during a school term by members of the journalism class of Canyon High School. Published by The Canyon News for Canyon High School since 1925. Member of the Panhandle High School Press Association, Interscholastic League Press Conference, and Quill and Scroll. Winner of the 1952 PHSPA Community Service Award. First place 1956 PHSPA General Excellence.

Column Editor: Annette Dugan  
Sponsor: Marilyn A. Payne

## Pupils Compete In Speech Meet

Three of CHS' students received ratings in the trial speech meet in Lubbock Saturday, March 2. Barbara Kay Myers was selected as superior in poetry reading. John Robert Wheelock received an excellent in senior boys declamation. Dusty Hiltbrunner rated two in senior girls declamation.

Barbara Kay, a sophomore this year, plans to be a speech major when she goes to college. Babs, as she is known to her fellow students, said her hobby is reading. Her favorite food is fried chicken and in her spare time she enjoys watching TV.

John Robert Wheelock, junior, known to his friends as Rabbit, said, "I guess I have several hobbies, first of all I like to read science fiction, play the piano and play chess." Football is his favorite sport.

Another sophomore is Dusty Hiltbrunner. Dusty plans to be a medical major when she goes to college but said, "I really do enjoy speech a lot." When asked what kind of food she likes, she just plainly said "I like food period."

Fourteen students attended the speech meet. There were only seven who participated. In junior declamation, boys division, were John Wear, Mark Mickey, and Ronnie Hughes; junior girls declamation, Nedra Fanning; senior boys declamation, John Robert Wheelock; senior girls declamation, Dusty Hiltbrunner; poetry reading girls division, Barbara Kay Myers.

Students who observed the other debating teams at the meet were Barbara Lindsey, Linda Burkett, J. W. Slims and Rhett Plank. These four students will participate in another trial speech meet in Plainview Friday. Other students who went to the meet to take notes for the debaters were James Craig, Joyce Ricketts, Dee Zane Pond and Elston Burkham.

The students ate lunch in the Texas Tech Student Union building.

Chaperones for the trip were Mrs. Cecil Simms, speech teacher, Mrs. Bob Wear, Mrs. Duane Howard, and Mrs. Lon Fanning.

## Bands Combine Present Concert

Under the direction of Herman W. Demus, CHS band director, the Canyon public schools bands will present a combined concert on March 19.

Three Canyon bands, the fifth and sixth grade band, a seventh and eighth grade band, and the high school band, will be performing.

Student teachers, Lester Mundy and Eddie Bowman, will have an opportunity during the program to direct the high school band in a number.

The program will be given in the following order: 5th and 6th grade band; Diligence March, Springtime Waltz, Casey Steps March. Seventh and eighth grade bands will present Starter March, Kings Hiway March, Creole Lullaby, and When You Wish Upon a Star. The high school band will present Footlifter March by Fillmore, Themes from Symphony No. 6 by Tchaikovsky, Spiritual from Symphony No. 5 1/2 by Gills, Dedication by Strauss, and Git on Board by Yoder.

## Drivers' Quirks Like Their Walk?

What would the highways be like if everyone drove as they walked?

Let's take a look at some pedestrians that we have in CHS and see what kind of drivers they would be.

First, there's Hall-hog Harry. He walks exactly in the center of the halls and stairs, and if one wants to go around—well, that is all right because Harry has his half. Harry is a first cousin to Roadhog Roger.

And then there is Slowpoke Sue and Never-Hurry Nan, who meander down the halls as though each step was their last. They walk with no thought of those behind who must hurry to the next class. When they drive, they get in the throughlane and poke along, forcing others to take reckless chances to get by.

Speeding Sam is always in a hurry, whether he's in a car or not. He whips in and out, slowing for nothing or no one.

Blind Ben never looks to see if someone is coming. After all, those coming have a better chance to see him pulling out than he does to see them coming. They should stop and give him right-of-way.

What kind of pedestrian are YOU?

Ray C. Wells, drivers education teacher, meets with The Eagle's Tale staff to discuss an auto safety campaign which is being launched for Canyon High. Staff members, from left to right, are Delores Wagner, Miss Marilyn A. Payne, journalism instructor, Mr. Wells, Theresa Mickey, John Menke, Dusty Hiltbrunner and Annette Dugan.

## Auto Safety Campaign Launched By Eagle's Tale and DE Department

An auto safety campaign for Canyon High School has been launched by the staff and sponsor of The Eagle's Tale in cooperation with Mr. Ray C. Wells, driver's education instructor.

Purpose of the program is to promote safer driving among the students and faculty at CHS. The campaign will last six weeks, beginning March 1 and ending April 15.

The first safety issue of the school paper will stress some common errors in driving. Improvement of driving techniques and attitudes will be emphasized in the second issue, and a summation of the entire project will be given in the last issue of the campaign.

Members of the journalism staff will make surveys of traffic violations from strategic spots around the school. Records of the different violations will be kept.

First and second semester driver's education students will write themes on how to improve driving habits. The themes will give a constructive slant on how to improve students' D-Q (Driving Quotient). The winning theme will be published in the paper under the author's name.

Posters will be made and tacked on the bulletin board. These will be changed weekly. Slogans also will be posted as reminders to drive safely.

Diamond shaped signs always warn of hazards in or near the roadway. Some of them are: Slow, Narrow Bridge, Dip, Pavement Ends, Slick When Wet, Loose Gravel, Soft Shoulders, Low Clearance, Curve, Truck Crossing, Hospital, School, Church, Men Working, End Repair, Highway Intersection 1000 ft., Divided Highway Ends, Narrow Road, Hill, Pavement Narrows, Detour Ahead, Stop Ahead, Water Crossing and Underpass.

Rectangular shaped signs give instructions and information. Some are: Keep Right, Road Closed, Do Not Enter, Two Way Traffic Ahead, Slow Traffic Keep Right, Do Not Cross Double Stripes, Yield Right of Way, Passing Prohibited Where Yellow Line is in Your Lane, Construction Drive Carefully, Please Help Prevent Grass Fires, Speed Zone Ahead, No Passing and If You Drink Don't Drive—If You Drive Don't Drink.

## Dugan is Quizzed On United Nations

Annette Dugan, senior, took a searching examination on the United Nations as a part of the 31st annual high school contest on the United Nations Monday, March 4.

The three-hour test was sponsored by the American Association for the United Nations. Questions on the test came in three parts: two sections of objective questions with a total value of 50 points and one section of two essay questions, which also had a total score of 50.

## DIFFERENT

Lissen — Did the doctor treat you yesterday?  
Hurja — No. He charged me \$3.

## Assembly Inspires Brotherhood Bond

Addresses on the brotherhood of mankind by leaders in three religious groups were delivered to CHS students on Wednesday.

Rev. Father W. J. McCuey, who is director of the Confraternity of Christian Doctrine at Dallas, emphasized that genuine brotherhood is giving something substantial to another, and not always seeking a gift.

Rabbi David Bonami, chaplain at the Amarillo Air Force Base, asked the question "Why devote only a special week to encouraging brotherhood?" Brotherhood is essential to life and among people should be a continual thing. Our interdependence on each other makes it essential to be unselfish in order to make a peaceful world.

The third speaker was Philip Walker, a Methodist and superintendent of the Sherman district, Sherman. He is well known for his address on "Hounds and Men." Mr. Walker pointed out how un-substantial many prejudices are, and that true brotherhood is doing unto others as one would desire to be treated by others.

Posters will be made and tacked on the bulletin board. These will be changed weekly. Slogans also will be posted as reminders to drive safely.

## FHA Experiences Many and Varied

Activities of Future Homemakers of CHS have been interesting and including many members for the last several weeks.

Elected as freshman and sophomore representatives to the state FHA meeting April 25, 26 and 27 were Margaret Johnson and Suzanne Lemmons. Sondra Hines was elected "Girl of the Month" for February, and Melba Haille is the choice for March. These selections were made at the meeting on March 4.

At the March 4th meeting Mr. Paul Sagen, manager of the fabric department of a store in Amarillo spoke to the FHAers on consumer education in the field of fabrics. Fabrics which were natural, synthetic and blends of both were discussed, and bolts of material were shown as illustrations. Interesting details he brought out were the way of dyeing fabrics and ways cotton are being made more popular.

Films of past FHA banquets and the 1957 banquet were shown.

Home economic students from West Texas State College entertained 474 girls and sponsors from 13 schools from this area at an open house on March 4.

Highlighting the event was a style show featuring "Fashion Stars for Spring." The dresses modeled were from Simplicity patterns which emphasized the latest in design and colors. Miss Mary Jane Brown, WT student, was the commentator.

Tours of the campus and a tea were also a part of the open house. A film, "Home Economics is in Your Future," was shown in the WT library.

On April 11, which is during National FHA Week, the Canyon chapter will have a style show and open house.

Funds for the senior trip were considerably increased by the proceeds from the chili supper and clown basketball game on March 1. The total amount received from the game, pies, supper and cokes was \$325. Seniors who did not sell five tickets were fined for the amount of \$3.75, or the part remaining out of this allotted amount not paid.

## EASILY REMEDIED

Johnny — Maw, you didn't put enough butter on this bread.  
Maw — All right. Put part of the bread back.

## FTA Presents Worthy Programs During Texas Public Schools Week

Future Teachers of CHS sure were busy during Texas Public School Week, March 4-7.

FTAers were honored guests at the meeting of the Canyon Classroom Teachers March 5 in Canyon Grade School. Supt. Joe Gibson was the speaker. He told about his trip to Atlantic City.

A program was presented to the Rotary Club March 5. Margaret Johnson spoke on "Teamwork," which told how teachers, students, parents and community should all work together to have better schools.

"Progress" was the topic of Ina Jo Hughes. She pointed out how

the sign over the doors of the school has been changed from "Johnny Slept Here" to "Johnny Learned Here."

Jackie Barnard chose the topic "Service." It tells how service from the school to the teachers, teachers to students, students to parents, parents to community and community to school would help all the way around.

Theresa Mickey, president of the FTA, spoke on "Worthiness." She gave 10 rules for evaluation of schools.

Joyce Shelnuitt gave the "Expectation or Results of Education." The same program was presented to the Lions Club on Wednesday, with different ones speaking on the same topics. Barbara Myers, Annette Dugan, Frances Boyd and Wynona Yarbrough gave the talks there.

A skit was presented to the school, along with the talks, at an assembly, March 7. The skit was entitled "FTA Hit Parade." It included head-in-the-clouds Helen, Sleepy Sam, the Chewing Gum Quartet, Forgetful Flossie, Noisy Ned, the Mushy Mugs, Giggling Gerties, Late-Miss-Lacy, the Chatterbox Children, and a FTA Miss, "the best in the world."

Tags which told of Texas Public School Week were distributed by FTA members Friday, March 1. These were given to CHS students and townspeople.

Miss Mary E. Carter, sponsor of the CHS FTA, Sue McClenny, Joyce Shelnuitt and LaVerne Riley were delegates chosen to go to the state FTA convention in Denton March 8-9. They left early Friday morning and returned Sunday.

Mrs. R. D. Wheelock, Mrs. Tom Brasher and Luther Lawless will be guest speakers at the FTA meeting March 18 in the home of Karen Sue Parker.

## Alert Pedestrians Use Safety Rules

If you are a pedestrian beware during the hours of dusk and darkness. If you are not careful you just might walk yourself to death.

More than one-third of the pedestrians killed in a six months period from a test from October to March, died in motor vehicle accidents occurring between 5 p.m. and 8 p.m., the first hours of dusk and darkness.

Almost two-thirds of the pedestrians die in motor vehicle accidents occurring inside of city limits. Courtesy is one way of cutting down the death rate. A pedestrian should wait on the corner of the sidewalk not in the street, while the light is red. Then when the light turns GREEN or WALK he should cross within the walking lines.

Last year, 7,900 pedestrians walked themselves to death. There were 5,000 pedestrian deaths in 1954 that occurred in cities and towns. A total of 2,900 pedestrians was killed in rural areas.

If you knew your life was in danger wouldn't you do something to help yourself?

Here are eight safety rules for walking: Cross streets at corners only; never walk into the street from between parked cars; obey traffic signs and signals, cross on green or walk; wait on sidewalk, not in street, for green light (or walk) or for a gap in traffic if corner has no traffic signal; cross streets in crosswalks, do not cross intersections diagonally; after getting off a bus or a streetcar, don't go around it, front or rear, wait until it leaves before crossing; walk on left facing traffic when there are no sidewalks; do not play in or run into the street.

Always remember this — ACCIDENTS ARE PREVENTABLE!

Looking over material gathered at the State Future Teachers Convention are delegates Sue McClenny, LaVerne Riley, Joyce Shelnuitt and Miss Mary E. Carter, FTA sponsor. The convention met at Denton over the past weekend.

## Neblett, Snapp All-State Team

Charles Neblett and George Snapp have been named to the honorable mention on the All-State Basketball Team. Players are selected on the state team by an association of sports writers.

Although the Eagles did not win district honors this year, Neblett and Snapp, while being handicapped by their height, made impressive records for the season.

The two divided honors in points made by the Eagles. Neblett, who had the best over-all season record, was high point man for one-half of the games played, and Snapp was high point man for the other half of the games.

Both boys were selected for their fine defensive showings during the season as well as good offensive playing.

## SHE DIVIDED

The lovesick swain was discussing his love affair with a sympathetic friend.  
"You say she partially returned your affections?" asked his friend.  
"Yes, she sent back all my letters, but kept the jewelry."

## Test Boos-Boos

A cucuz is a dead animal.  
The age of Pericles was about 40.  
Degrees of bad are bad, very sick, dead.

Trigonometry is when a lady marries three men at a time.

A comma is what a medium falls into.

An octopus is a person who hopes for the best.

An antidote is a funny story that you've heard before.

A skeleton is a man with his insides out and his outside off.

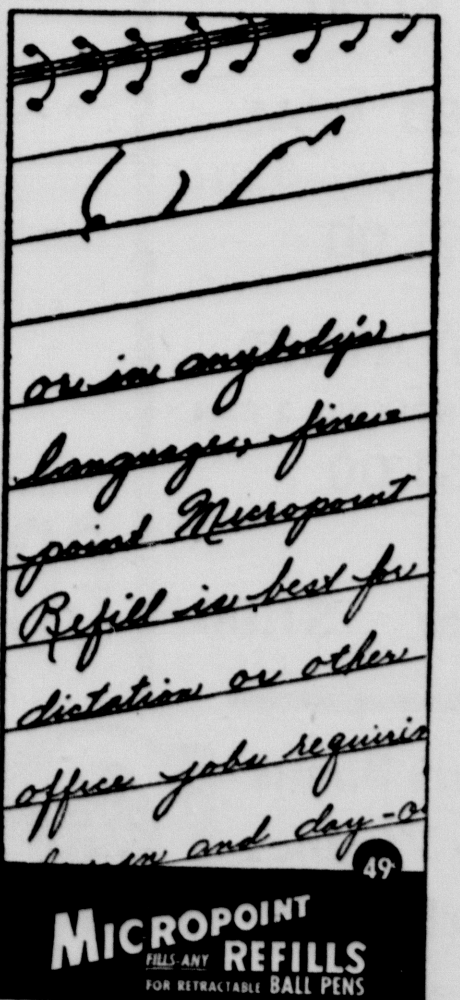

Penelope was the last hardship that Ulysses endured in his journey.

The objective of "he" is "she." The seat of Senators shall be vaccinated every six years.

An operetta is the person who asks "Number, please?"

## NOT A CURE

"There's only one way to get rid of your surplus fat. Exercise, and plenty of it."  
"Nonsense. How do you account for my wife's double chin?"

The Canyon News

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS  
OF THE 18TH CONGRESSIONAL DISTRICT

**The Federal Budget**  
Washington talk could be divided into two major categories. One would concern domestic matters and the other international problems.

The talk here on international matters has, for some time, been centered on the Middle East situation. The number one topic in all discussions concerning domestic matters is the Federal Budget.

You will recall that the budget submitted to the Congress by the President of the United States, as his recommendation for the amount of money necessary to run the federal government for the fiscal year 1958, is the highest budget that has ever

been submitted to the Congress in peacetime in the entire history of this country.

Although we recognize that an expanding population must create an expanding economy, and it follows that budgetary requirements will increase on an overall basis, many of us do not agree that such facts alone could possibly justify the budget submitted to the Congress this year.

We feel that every item in the budget should be weighed very carefully, and every possibility of measurably reducing it should be scrutinized with great care.

I want to point out to you where the money comes from and where it goes. First, let us see where it comes from.

According to the Bureau of the Budget in their official publication, each federal tax dollar that is collected from the people of this country comes from the following sources: 51c is collected from the individual income taxpayer; 29c is collected from corporation income tax; 12c is collected from excise tax; 8c comes from various other taxes, such as estate and gift taxes, customs, and income from certain government enterprises.

You can readily see that the individual income taxpayer is directly carrying the major part of the tax burden. Indirectly he is carrying practically all of it, because he pays the corporate taxes and excise taxes by reason of the increase in the cost of the products involved.

These last items have had a major effect in the increase of the cost of living, which has recently hit a new all-time high.

Now, let us see where the money goes. According to this Budget Bureau publication, expenditures are divided into six categories. The largest of these is what the Bureau calls "major national security." It gobbles up 59c out of every tax dollar. This will amount to 45 billion 300 million dollars for the 1958 fiscal year.

The Department of Defense will get 38 billion of that amount; 2 billion 600 million will be spent for military assistance to the

armed forces of other countries (this is a part of the foreign aid program). 2 billion 300 million dollars will be spent by the Atomic Energy Commission.

The remaining 2 billion 400 million will be earmarked for (in the language of the Bureau of the Budget) other programs related to the nation's protection.

These are: (1) Economic and technical assistance portion of the Mutual Security Program (this is another name for foreign aid). (2) Civil Defense. (3) International activities. (4) Stockpiling of strategic materials. (5) Selective Service System.

The second largest bite out of the tax dollar amounts to 10 cents of each dollar. This will go to pay interest on the public debt. In round figures, it will amount to 7 billion 400 million dollars for fiscal year 1958.

The Bureau estimates that, because of the increased interest rates, John Q. Taxpayer will have to cough up an additional 1 hundred million dollars this year.

Agriculture, which includes the soil bank program and all other agricultural activities including rural electrification and rural telephone loans and all research and development projects, takes 7c.

Veterans benefits take 7c. The Bureau has lumped together several other items in one group including natural resource development, commerce and housing, labor and welfare and general government. This category takes 15 cents of the tax dollar.

General government, which takes 1 billion 451 million, includes financial management, property and records, FBI, Legislative and Judicial, District of Columbia, territories and possessions, Weather Bureau, etc.

Two cents is used for debt retirement. This is an odd procedure. The public debt, in the last statement furnished by the Treasury, was 276 billion dollars and is pressing an all-time high figure. More interest is being required daily to finance it, as I pointed out before.

The Administration has received severe criticism from every corner because of the size of this budget. The President stated he thought Congress should make whatever cuts it could. Secretary of the Treasury Humphrey testified that the budget could be cut and that unless it was cut, there might be a "depression that would curl your hair."

It is strange to me that they would send the budget to Congress as their studied recommendation and then make such statements.

In my opinion the budget can and should be cut at least 10%. Some divisions of the government may not be able to stand a 10% cut, but others can stand more than that; therefore, it seems to me good sense that the Congress cut the budget figure by at least 10% and permit the Administration to determine just where the cuts should be applied. This would provide an excellent opportunity to practice economy as well as preach it.

Las Amigas Club  
Meets With Dewey

The Las Amigas Home Demonstration Club met Feb. 28 at Mrs. Tony Dewey's. Mrs. Dewey presented the program, "Evaluation of Comic Books and Family Reading."

Refreshments were served to the club members. The next meeting is March 14 with Jean Costley.

PINCH HIT

As the tightly-packed elevator descended, graying Mrs. Morton became increasingly furious with her husband standing beside her. His face was flushed and aglow with delight — and because the blonde girl was crowded against him.

As the elevator stopped on the main floor, the blonde suddenly whirled, slapped Mr. Morton, and said: "I'll teach you to pinch."

Bewildered, and no longer aglow, Mr. Morton was half way to the parking lot with his wife, when he choked: "I—I didn't pinch that blonde girl."

"Of course you didn't," said his wife consolingly. "I did."

Meyer-Vukovich  
Nuptials Announced

Mr. and Mrs. J. A. Meyer announce the marriage of their daughter, Helene, to Walter Vukovich of Johnstown, Pa. Vows were exchanged Feb. 14 in St. Paul Methodist Church in Amarillo with the Rev. Weldon Butler, pastor, officiating at the double-ring service.

The couple is residing at 3900 N.E. 8th in Amarillo, and they are operating the Dairy Mart.

Buy, Build, Live In Canyon!

Cooking Hints for  
Weight Watchers

**COLLEGE STATION**—Any weight watchers in your family? If so, you, the cook, can be a big help by planning and preparing foods to cut calories.

Here are some suggestions offered by extension foods and nutrition specialists:

Use non-fat, dry milk solids for cooking. Reconstituted dry milk solids heated and combined with vegetable liquors are good in soups.

Keep desserts simple . . . Serve

fresh fruits or canned and frozen fruits packed in water or juice — not syrup.

Roast or oven or pan-broil meats, poultry and fish instead of frying in fat. Avoid "breading" and use of egg batters on foods. Trim extra fat from the meat.

Serve salad materials plain — or use low-calorie seasonings or salad dressings. These can be made with tomato juice, herbs and lemon juice or vinegar.

Prepare food without added fat, sugar or flour whenever possible.

Tempt appetites with herbs and spices instead of rich seasonings,

sauses and gravies.

Serve low-calorie items for nibblings in-between-meals or as appetizers. Try celery, cabbage wedges, carrot sticks, or other low-calorie vegetables or fruits.

Avoid high fat foods such as cream, butter, gravies, sauces, nuts, potato chips, oil, pastries, rich salad dressing; sweet foods, such as cakes and cookies; rich puddings, candies, fountain drinks and sundaes, carbonated drinks and alcoholic beverages; and starchy foods, such as macaroni, dry peas and beans.

June was named after Juno, goddess of marriage.

Take guess-work  
out of truck-work!

...with GMC's new line  
of Money-Maker trucks

- The most powerful light-duty truck ever built
  - Standout economy from Hydra-Matic\* — teamed with a new fast-ratio cruising axle, now standard in all half-tonners
  - Million-dollar looks that build business prestige
  - A complete line of new GMC Money-Makers for every kind of truck-work
  - Rock-bottom maintenance thanks to GMC's extra-stamina engineering
  - Years longer truck-life — with a higher value at trade-in
- \*Standard on some models; optional at extra cost on others.

...and  
moneysaving  
truckers' service

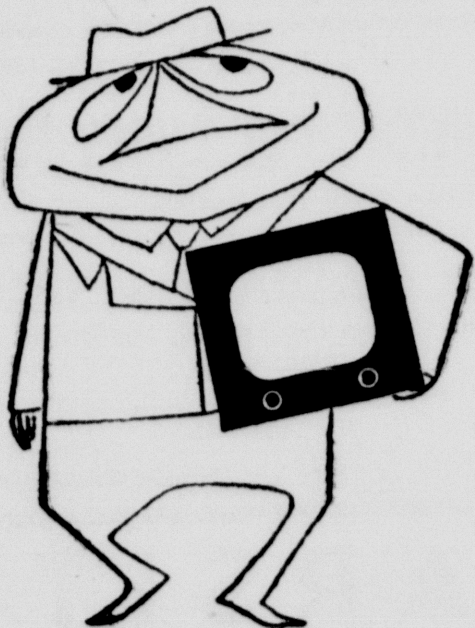

- Truck specialists equipped for reliable work on any make or model
- The backing of GM's unrivaled training facilities
- The resources of GMC's touring schools for data on the latest developments
- Immediate parts availability backed up by GMC's incomparable network of parts warehouses

## Hospital--

(Continued from Page One)

take such action today.

The Deaf Smith County Commissioners Court met briefly with the Randall commissioners following the discussion of the hospital district.

The Hereford commissioners said the county hospital there is operating at a profit, and had been for the past six years or so. Prior to that it had operated at a loss, they said.

The Deaf Smith commissioners were here to inspect the new jail. A new jail is needed in Hereford, they said. The two commissioners courts discussed problems of county administration and solutions to some of the problems.

Mrs. Ackers, Catherine Pierce, Geneva Stewart of Lubbock, Mr. and Mrs. Elmer Reynolds of Hereford, Mr. and Mrs. W. P. Lewis and family, and Nina Reynolds of Albuquerque, N. M., were weekend guests in the home of Mrs. W. H. Lewis.

Mrs. R. H. Francis of Perryton is visiting her daughter and family, the L. E. Gums.

## 250 High Schoolers Register for Meet

More than 250 Panhandle high school journalists have made advance registration for the 23rd annual convention of the Panhandle High School Press Association, to be held here Tuesday at West Texas State College.

Program announced by Helen Knight of Amarillo's Palo Duro High School, the association president, includes section meetings on newspaper and yearbook techniques, tips on photography by Amarillo Daily News photographers, election campaigns, a talent show, a luncheon address, and presentation of contest awards.

Registration at 9 a. m. in the Branding Iron Theatre opens the day's convention, with a talent show slated at 9:30. Main convention program begins at 10:10 a. m., with a welcome to delegates by WT President James P. Corneille.

A 30-minute demonstration on "Picking Pics" by Daily News and Globe-Times photographers will close the opening general sessions.

The pitfalls of headline writing and feature writing will be discussed for school newsmen by Robert Wylie and Mrs. Julia Van Beber, sponsors from Palo Duro and Dumas high schools, respectively.

## WT Senior Wins Rifle Competition

A West Texas State College senior is winner of the William Randolph Hearst National Rifle Matches, in which students from the nation's Reserve Officers' Training Corps units compete annually.

He is Tommy G. Pool, a senior from Groom, who defeated thousands of college and high school marksmen with a score of 197 of a possible 200 points. The WT team, with whom Pool fired, did not place in the national competition.

## West Texas Shares Federated Program

A program on the "Religions of the World" will be presented in music, dance and literature Thursday at 8:30 p. m. in the Amarillo High School auditorium by West Texas State College music and speech students for the annual convention of the Seventh District, Texas Federation of Women's Clubs.

## Scout Chairmen Report Activities

Wesley Cox reported on scout camping and activities at a Randall County District Committee luncheon March 11.

He reported that explorer field day will be March 22, 23 and 24 at Camp Don D. Harrington. Troops 66 and 97 entered booths in the council scout exposition, and Troops 66 and 34 each have a boy registered for the National Jamboree.

Frank Kimbrough reported that leadership training courses were scheduled at the First Baptist Church at 7:30 p. m. March 18, den and pack activities, and April 1 for cub leaders.

Courses for scout leaders are slated March 20 and April 3 at the Polk Street Methodist Church in Fellowship Hall at 7 p. m. in Amarillo.

W. M. Teague gave a preview of the council charter review held Tuesday night in Amarillo. Max Hatfield, deputy regional scout executive of Dallas, conducted the review. Present were Dr. Lee Johnson and Carroll Vaughan.

Other reports were given by Bob Wear, Paul Summers, Raymond Raillard, Clarence E. Thompson, Marion Higdon and Bud Parker.

## Gift of the Sea Reviewed for MEH

Gift of the Sea by Ann Lindberg was reviewed Monday night by Mrs. Crews Henry at the M.E.H. Sunday School Class meeting. Mrs. Ray Fullerton was hostess.

The entertaining rooms for the occasion were decorated with bronze mums, pot plants and cut flowers.

Refreshments of chicken salad, pickles, spice cake, coffee and tea were served to Edna Graham, Mrs. Leonard Winters, Mrs. L. L. Byars, Mrs. Tom Foster, Mrs. Lorenzo Wirt, Mrs. Ed Weeks, Mrs. Boyce Colwell, Mrs. Louis Taylor, Mrs. T. A. Black, Mrs. Henry, guest, and Mrs. Faye Cannedy and Mrs. Hugh Greiner, who were also co-hostesses.

Mr. and Mrs. Clifford Burtz and family were Sunday guests in the Marvin Fite home.

Mrs. Murray Evans of Tulsa and Mrs. Bob Rowan of Hereford visited last week with Mrs. J. C. Dowd. They are Mrs. Dowd's sister and sister-in-law.

## Umbarger News

Mr. and Mrs. Paul Artho and family, Mr. and Mrs. Elmer Reinhart and family were dinner guests in the John Wieck home.

Mr. and Mrs. Sylvester Batenhorst and family were visitors in the John Vorwald home.

Mr. and Mrs. Roman Friemel and Gary visited in the Herbert Friemel home.

Mr. and Mrs. Math Albracht and family visited with friends and relatives in Nazareth.

Mr. and Mrs. Edward Raef and boys visited Sunday evening in the Lewie Raef home.

Mr. and Mrs. Isidore Reinhart and family spent Sunday afternoon in the Ed Wieck home.

Mr. and Mrs. Richard Friemel and family spent Sunday afternoon in the Elroy Artho home.

Mr. and Mrs. Gene Fangman and family spent Sunday afternoon in the Elroy Artho home.

Mr. and Mrs. L. J. Wieck and family were dinner guests in the Lee Haschke home.

Mr. and Mrs. Math Gerber and family visited in the Leo Artho home.

Mr. and Mrs. Leo Artho visited Sunday evening in the Conrad Westhoff home.

Mr. and Mrs. John Berkenfield and family, Mr. and Mrs. Joe Artho and David spent Sunday in the Paul Artho home.

Mr. and Mrs. Joe Artho and David visited in the Raymond Batenhorst home.

Mr. and Mrs. Dennis Brandt and family were supper guests in the Werner Henschel home.

Exchanging visits were Marie, Robert and Joey Koch with the Raymond Batenhorsts; Billy Stocker with Kenneth Friemel; Bernard Buecker with Frankie Friemel;

## Cherry Blossoms

By DOVIE CHERRY

Oh, lawsy, lazy me! The spring fever has me by the collar and has put the good-for-nothing plague on me.

Here it is Monday afternoon and this column ain't writ yet, and it should have been done days ago. What's even worse, I can't think of a thing to say.

Let me see . . . hum . . . well . . . it surely looks appealing outside. I just heard some men mumble, disconcertedly, "Wish I could go golfing . . . those crows out at Buffalo must be biting . . . wish there was nothing to do but go sit under a tree."

It's a crying shame, isn't it fellows?

But, crying shame or not, the paper still comes out on Wednesday, so chin up and here we go.

Just disregard all that forlorn chatter above, because, now, after an interlude and a trip to the country, I have plenty to say.

Monday afternoon I had an impressive experience. Mona Hildreth, HD agent, and I attended the judging of Alby Ann Kuehler and her 4-H projects at the A.

M. Kuehler place. Alby Ann is competing for a \$500 4-H scholarship.

Never have I been so aware of the importance of 4-H club work and of the art of homemaking in general as I was Monday afternoon.

There is general talk here and there of homemaking being a lost art, a job women spurn, or spurn as their only "career." It seems to be a wide-spread opinion, in the city at least, that the words, just a homemaker, are not a complimentary phrase.

If so, the 4-H clubs are organizations that are helping to keep the pride of homemaking alive. Witness what it has done for the Kuehlers:

The Kuehlers moved into their present home four years ago. The house was the stereotypical farm building that the city gal pictures and shivers when hubby mentions moving to the country. Today, it's a source of pride and comfortable living for the Kuehler family.

Walls have been painted, partitions removed and general interior decorating taken place.

But, the house is not the only

evidence of good homemaking. The fundamentals of homemaking—cooking and sewing and meal planning—have been practiced and improved with fervor by Alby Ann and her mother, the two women of the Kuehler household.

Pie crusts are my booger bear and I felt more than stupid and clumsy as I watched Alby Ann turn out with the greatest ease, before an audience, no less, a beautiful pie crust.

Alby Ann's wardrobe is a project of her own hands, some even of her own designing. The select wardrobe she has, she has been able to afford by simply knowing how to make them and wanting to learn how and then doing it.

Big-scale freezing and canning plus gardening are further skills of Alby Ann and her mother.

Both credit 4-H work with being better homemakers. Alby Ann also values the association with other young people that 4-H work has afforded her and the experiences and traveling opportunities.

Mr. and Mrs. Kuehler can also justly claim a part in Alby's success as a homemaker. As one of the judges said, "It takes the cooperation of the whole family, for the 4-H girls to be a success . . . if the parents don't want her to learn, she can't." Or, she added, if parents find it too much trouble to teach their offspring to learn.

Which brings up another point

### Fairview Breezes

We have been having a little more moisture and are grateful.

H. H. Shipman was in Amarillo Tuesday on business.

Mr. and Mrs. J. W. Wesley were visiting with Mrs. Wesley's mother, Mrs. M. F. Evans, Tuesday. The occasion was Mrs. Wesley's birthday. Bessie Young prepared a lovely birthday dinner and all enjoyed it very much.

Mrs. Georgia Rogers was being checked by her doctor Tuesday and she is still improving.

Ora Evans has been on the sick list the past week.

Raford Shipman was visiting G. E. Wesley Tuesday.

Georgia Rogers visited awhile Tuesday with Ora Evans.

Those helping Mrs. J. W. Wesley celebrate her birthday in the G. E. Wesley home Tuesday evening were Mr. and Mrs. Frank Rogers, Mr. and Mrs. G. E. Wesley and Lavena Emerson, J. W. Wesley and the honoree, Annie Wesley.

Games of "88" were enjoyed by the group and coffee cakes and cokes were served. Lavena Emerson baked a lovely birthday cake.

Connie and Terry Foster visited with their grandparents, the Frank Rogers, while their mother, June Foster, took Paulann to get a new permanent.

Charles Sutton is improving.

G. E. Wesley is some better after being confined to his home with flu.

Mr. and Mrs. Lee Wesley and children, Genie and Lonnie, visited Tuesday in the J. W. Wesley home.

Mr. and Mrs. Billie Washburn and daughter, Kay, of Pampa, visited Saturday and Sunday with Mrs. Serena Bryan and Tom Rogers.

Mrs. Winnie Bryan and Pearl Bryan attended the farm sale east of Tulia Thursday.

Charles Sutton is recuperating at home since Friday after several days in Nebbett Hospital. He will be confined to his bed for some two weeks.

Mrs. Essie Barnard of Texico visited her daddy in Nebbett Hospital one night the past week.

Mrs. Esther Legate of Whitherald visited her father, Charles Sutton, at home Friday night.

Mr. and Mrs. J. W. Wesley were in Tulia on business Thursday.

Mr. and Mrs. Robert Smith and boys of Lubbock visited Saturday night and Sunday with Mrs. Smith's parents, the E. W. Schaeffers.

Woodrow Wesley was in Amarillo Friday on business.

Mrs. Georgia Rogers was welcomed back to church Sunday after an absence of two months.

Mrs. J. W. Wesley was welcomed back to church after being absent five weeks.

Mr. and Mrs. Billie Jo Hall and son, Bill, enjoyed a birthday dinner with the Oscar Reads Sunday.

The gang got together Thursday evening in the G. E. Wesley home and enjoyed "88." Present were Mr. and Mrs. J. W. Wesley and Mr. and Mrs. Frank Rogers.

There are more states east than west of the Mississippi River.

Washington's estate at Mt. Vernon comprised 2700 acres.

I want to discuss.

Are the majority of young girls being taught the value and appreciation of good homemaking? In the average girl, there is surely an instinctive desire to be a mother and homemaker. But, to the mother's cry, and I've heard them, that their daughters hate anything having to do with homemaking and flat refuse to do it, there must be an answer why.

If the potential is there, then perhaps it is the lack of purposeful instruction and the opportunity for the learn-by-doing method with guidance and first of all, the example that homemaking is a rewarding profession.

Organizations such as 4-H clubs seem to be an underestimateable source of inspiration for girls and young women. And, if what I saw Monday afternoon is any fair sample, my hat is off to the 4-H clubs and their leaders.

In addition to seeing Alby Ann's projects, I also saw something else quite fascinating—sausage making at home.

Mrs. Hildreth and I stopped by the Ervin Podzemny place northwest of town and, lo and behold, he was in the process of making sausage. Lots of sausage too, about 200 pounds worth.

Taking the trouble to make sausage at home is one thing a lot of farmers now day don't take the bother to do, with the exception of German families. The

home-made sausage I've eaten, though, is well worth every bit of effort that it takes. There's nothing quite like it.

The most interesting part of the process to me was filling the casings (intestines if you please) with the sausage. The casing is fitted over the mouth of this round pressing machine and the

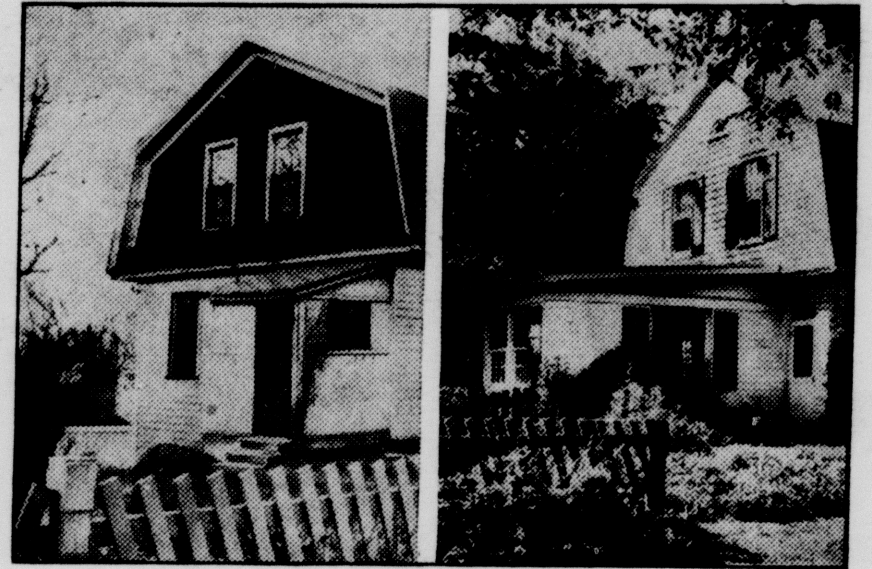

sausage is forced into the casing. Homemade sausage isn't as much trouble today as it was for grandfather and grandmother. Podzemny was using an electric grinder which ground the 200 pounds of meat in about 45 minutes.

The casings came from a meat packing plant in Amarillo. According to Podzemny, the casings

come in units of hanks which are about a mile of casing.

"I didn't know exactly what a hank was," he said, and then laughed, "so I asked for two hanks."

Just couldn't think of a thing to say.

## How come the new Ford rides so smooth and solid?

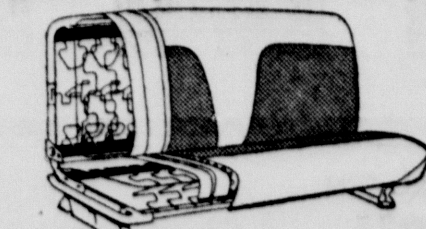

It's the new inner Ford that gives you a big-car ride at low Ford prices

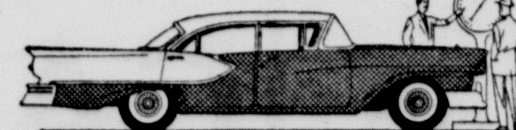

Folks just naturally love Ford's lower, sleeker silhouette. And they love Ford's new Thunderbird V-8's and Mileage Maker Six. But the thing that's really got 'em buzzing is Ford's new ride. In the new kind of Ford, vital riding features team up to give you the smoothest going in the whole ride world. For example:

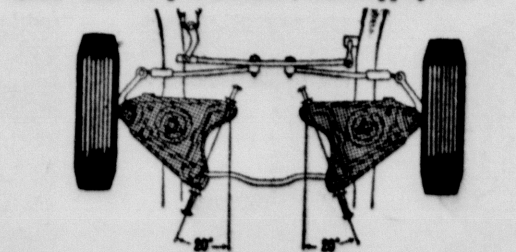

**New automatic variable-rate rear springs**  
Going from a highway to a byway in a Ford, is like going from satin to silk. New design allows Ford's rear springs to "soften" or "stiffen" depending on road conditions. You get a smooth ride all the way!

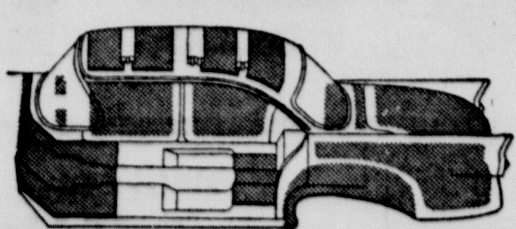

**More comfortable seating**  
There's no sag when you sit in a Ford . . . even on long trips. Comfort-contoured seats, rigidly anchored, have advanced springing for greater comfort and longer life.

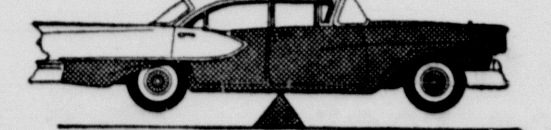

**More weight and length**  
Head for the roughest road in the new kind of Ford. Notice how the biggest bumps lose their "thump"! One reason is that this biggest, longest, heaviest Ford has the extra "beef" to give a smooth, road-hugging ride.

**New lower-pressure tires**  
Even Ford's tires are new for a better ride! Although they require less air pressure, they hold about 17% more air for cushioning the car. This means a softer ride—without sacrifice of Ford's good handling characteristics.

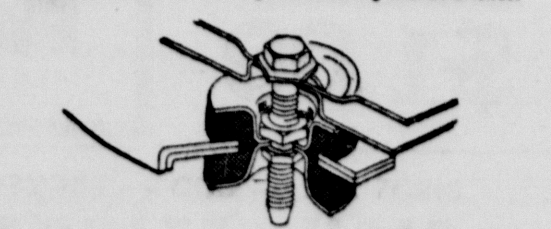

**No metal-to-metal chassis and body contact**  
Only Ford in its field uses 20 Cushion Quiet rubber body mounts . . . more than any other low-priced car. It all adds up to a smoother, quieter riding car.

**Better balance**  
One of Ford's nicest back-road habits is to make believe the rough spots aren't there. Proper weight distribution and precise balancing let Ford iron out bumps for better than many of the higher-priced cars.

**More body insulation**  
Ford has more body insulation—protection against weather, dust, and noise—than any car in the low-price field. You ride through city traffic in library-like quiet.

**Try the new kind of ride in the new kind of FORD**

Truitt-Townsend

## WARREN'S

# Club Work Has Proved Rewarding

Alby Ann Kuehler, West Texas State College student whose home is northwest of Canyon, didn't have much time to relax during the weekend holidays made available by the district teachers meeting in Amarillo.

No, for she was a mighty busy young woman getting ready for a very special group who visited her Monday afternoon. The group was a three-member judging committee who observed her homemaking achievements and merits to be considered in choosing three girls from Texas as winners of three \$500 scholarships.

The committee, Leta Bennett, district agent, Mrs. Lowin Mason, College Station, and Mrs. C. K. Burkley, 4-H scholarship chairman of T.H.D.A., are judging girls chosen from districts over the state as contestants for the scholarships given annually by home demonstration women.

And what achievements of Alby's did the women see? Well, they saw her demonstrate, first of all, how to properly finish a seam. She showed how the seam was pinked with shears and pressed for maximum neatness.

She explained her sewing center, which was simple but practical and complete. She uses an electric sewing machine, card table for materials including a separated sewing tray and a paper sack to keep material scraps.

After this, Alby displayed her wardrobe which she made entirely with the exception of one garment. Ranging from a gray wool sheath dress with wool duster to a light, bouffant party dress to a campus casual, her wardrobe showed evidence of planning and a practiced hand.

One of the dresses was the garment that won her first place in the Randall County Dress Revue. One evening dress which she designed and made, won her first

Cookie Making

place for sequin work at the Tri-State Fair.

Alby enjoys cooking and she shines as a mistress of pie-making. She demonstrated for the group an example of her pastry making. A few helpful tips she used were:

1. Cover the cookbook (a Betty Crocker is her favorite she said) with wax paper to protect the pages. Later use the wax paper to wrap the pastry in when placing in the refrigerator.
2. Sift flour only once and place in bowl with salt.
3. Cut pastry at edge of pie pan and crimp so that it is just inside rim. Crimping was one of the hardest things for her to learn, she said.

Mrs. Kuehler is mighty glad Alby has mastered the art of pastry making. "With Alby making the crust and me making the filling, we can get several pies together for company in no time," she said.

The Kuehler family eats few cream pies. "Cherry pie is the family's favorite... mine too," Alby said.

The committee also observed bread muffins and sugar cookies Alby had made.

Alby has three brothers, George, Don and Johnnie, and they all have healthy appetites. This keeps both Alby and her mother busy canning and freezing.

In displaying the foods in the deep freeze, Alby said she and her mother put away five large beefs each year, plus poultry and fish. Deep freeze foods also include a variety of vegetables, fruits and pies, rolls, breads and cakes which come in handy for unexpected company.

In the summer they make ice cream, with lots of pure cream, two gallons at a time. One is stored in the freezer for later eating.

In the pantry were quarts and pints of corn, peas, tomatoes, pickles, squash (which brought Alby a prize at the fair) and other vegetables.

And so gardening is an annual summer project.

The redecoration of the house has also been a project of Alby's as well as the rest of the family. Together they have removed a partition to make a combination living room-dining room, they have painted the walls, put tile and new paint in the bathroom, put up new curtains and only this winter put vinyl on the cabinet top.

Alby, with the help of Lou Ella Patterson, former Randall County

ALBY ANN KUEHLER

HD agent, planned and redecorated her room in warm tones of yellow and brown. Attic corners became closets, orange crates became a deceptive dressing table with brown print skirt and a white bedspread was dyed brown to blend with the room. Perky brown print curtains which match the dressing table skirt are at the window.

This 19-year-old college sophomore has been unusually active and successful in 4-H work. Besides numerous prizes at the

Amarillo Tri-State Fair in everything from needlework and dressmaking to canning and baking, she won the county bake show last year and received a \$100 bond. Once before she placed second and received an electric mixer which has really been used.

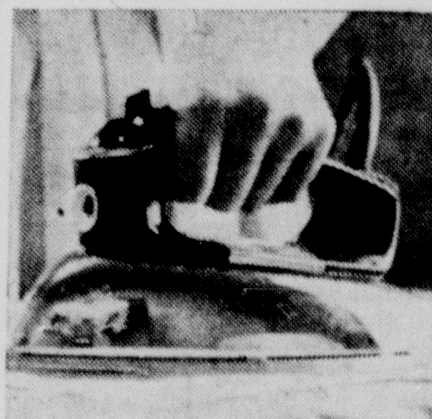

Last year, she was one of two representatives to a conservation convention in Sioux City, Ohio, and one of four girls in the nation who attended. She flew to the meeting and "It was my first

airplane ride," she said. The meeting, which she rates as an experience of a life-time, has helped her to understand conservation practices and the destructiveness of erosion, she said.

She has been a state 4-H council officer, served in district posts and has been on television on numerous occasions.

She has been junior leader in 4-H clubs, and is eager to help the younger girls with problems in their projects, according to Mrs. L. T. Campbell, 4-H leader. "Alby is an inspiration to them all," Mrs. Mona Hildreth, HD agent, said.

Another evidence of interest in her community is the activity nights which she and her brother, George, organized at Bushland for

Seam Pressing

both the young people and adults. They got together games of "42" for the older folks and various games for the younger ones.

The sophomore home economics major finds her homemaking skills in demand at college outside the home economics laboratory. "At school, if there is a home economics major in a club, they are always in charge of the cooking," she said.

In 4-H work since she was nine years old, Alby is following the example of her mother and grandmother. Her grandmother was her first 4-H leader at Groom and her mother was also a 4-H leader.

In fact, the whole Kuehler family is 4-H conscious. Mrs. Kuehler is a home demonstration woman and her boys are active in 4-H work. On the walls of the boys' room are ribbons, for livestock show winnings. The boys have livestock of their own and each has a horse. Johnnie, the youngest, is just beginning a flock of chickens.

The men around the farm also help care for Alby Ann's cow and it's week-old calf. Alby said she found the money which came from the sale of her calves very handy since she started to college.

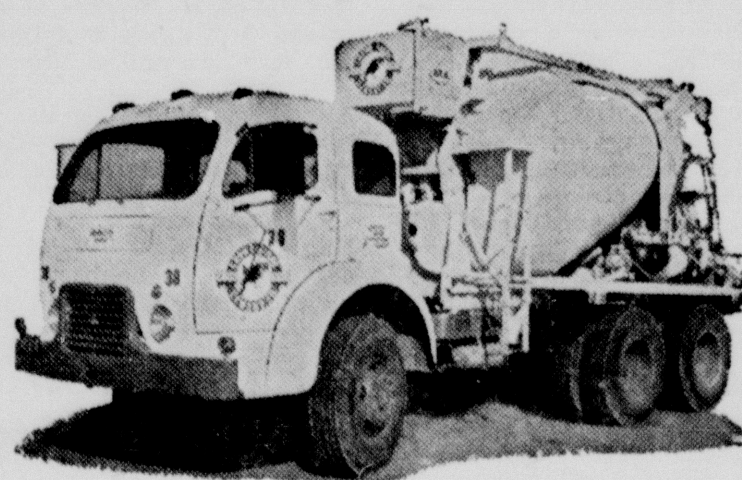

The Kuehlers have undertaken a farm and home improvement project, and an irrigation well is one of the most recent improvements.

At the end of the visit, Alby Ann served coffee and cookies, which she made, at a table decorated in green and white, the 4-H colors. She served, in addition to the judging committee, Mrs. Pauline Logan, Potter County HD agent, Lou Ella Patterson,

Doris Leggett, former Randall County agent, Edith Lois Wilson, new district agent, Mrs. L. T. Campbell and Mrs. Earl Boydston, Highland 4-H leaders, John Brazzil, county agent, and Mrs. Hildreth.

As Alby talked to the women while they were having refreshments, she said, "I really like 4-H work." When asked what she liked about it, she smiled and said, "I just like everything about it."

Dinner guests in the W. G. Boston home Saturday were Mrs. R. H. Stephenson and grandson of Paris, Mrs. Ola Pierson and Mrs. G. C. Ward of Lubbock.

## Craig Bellah Tells Pack 31 History

Craig Bellah, son of Mr. and Mrs. Bob Bellah, related the history of Pack 31, Cub Scouts, to the Junior Woman's Book Club Friday afternoon.

According to Craig, the pack was organized in 1946 and was sponsored by the First Methodist Church. In 1951 the pack was sponsored by the First Presbyterian Church.

He said that in 1948 the pack had 52 members which grew to 56 in 1949 and on to 66 members in 1951. At present there are only 50 members because of scouts promoted to Boy Scouts units.

The pack leader is Roland Black, and Craig enumerated the former pack leaders, Charles Joyner, Frank Kimbrough, Frank Barnhill, and Dudley Bayne.

Craig was selected from 12 boys to present the history during Boy Scout Week in February. During the business session, Mrs.

Bruce Winn presented a proposed revision of the club constitution which would change parts of Article II, purpose of the club, Article III, membership, Article IV, officers and Article V, meetings.

Also, in the business session, Mrs. Bill Cherry was elected second delegate to the convention of the Seventh District of Texas Federation of Women's Clubs in Amarillo next week. She and Mrs. Bruce Winn will serve as official representative of the club.

## Borders, Salyer Wedding Read

Mrs. Helen H. Borders of Amarillo and A. W. Salyer of Clinton, Okla., were married at Clovis, N. M., March 2.

Attending the wedding were Mrs. Wayne McCormick of Wichita Falls, Joe Mack Borders, and Mr. and Mrs. Charles Donnell.

Mr. and Mrs. C. W. Samples spent Sunday in Lubbock in the home of Mr. and Mrs. Paul Branom.

## AAUW Discusses Community Needs; Members List Six Main Projects

The March meeting of the Canyon Branch of the AAUW was a luncheon March 2 in the Blue Room of the West Texas State College cafeteria. In the absence of the president, Mrs. Dan Sanders, Dr. Mattie Mack, vice president, presided.

Mrs. Lowell Harrison was in charge of the program, "Community Needs and What AAUW Can Do About Them." Several projects were suggested.

Mrs. Harrison discussed projects at the Panhandle-Plains

## SOIL CONSERVATION DISTRICT NEWS

The regular meeting of the Randall-Potter Soil Conservation District Supervisors was held in the Randall County courthouse March 5. Present were all supervisors and Joe Batson, work unit conservationist.

The meeting time of the board was changed to 8 p. m. on the first Tuesday of each month. The public is invited to attend these meetings.

The following farmers became cooperators with the district: L. H. Crawford, Ewing L. Mathis, H. A. Knight and W. T. Smoot, Warner G. Fluegel, O. L. Campbell and Tom Wilhelm, and Alfred Hamblen.

The moisture that was received over the district was welcomed and the soil is wet about 6 or 8 inches deep. In parts of the district over two inches of moisture was received during this month.

The chiseled and listed land held all of the moisture that fell. This is the most moisture we have received in February and March since 1941. This rain should be very beneficial to the native grasses in giving them a good start for the growing season.

"Conservation is the wise use of our natural resources—soil, water, plants, animals, and minerals—so that they will yield the greatest service to the largest number of persons for the longest possible time. Man is the greatest resource of all." —Fales

## Wayside News

The Rev. Joe Leatherwood filled his regular appointment Sunday. His wife accompanied him.

Mr. and Mrs. E. C. Franklin attended the teachers meeting in Amarillo Friday. There was no school.

Mr. and Mrs. Willie Modisette and Fay were Amarillo shoppers Tuesday. Mrs. Modisette is preparing to fly to England to visit her home. She will see her folks for the first time in 10 years. She expects to spend Easter with her mother at Coventry, England. Her mother is in ill health.

Mr. and Mrs. Robert Adams, Jim and Less, visited relatives in Dumas Friday.

Mr. and Mrs. Paul Wetzel, Ronnie and Marilyn were Canyon callers Monday.

Several from Wayside attended the ball game Friday played by the Happy Cowgirls and Roosevelt at Canyon. Happy was defeated by a few points.

Mr. and Mrs. J. A. Moore and Sheron Lea of Weatherford are visiting her sister and husband, Mr. and Mrs. Melton McGehee.

Mr. and Mrs. Henry Hamblen visited relatives in Canyon Tuesday.

Mr. and Mrs. W. R. Franklin were business callers in Tulia Friday evening.

Mr. and Mrs. Charles Kennedy, Robert and Richard were Canyon and Amarillo callers Friday.

Mr. and Mrs. Henry Hamblen were Amarillo callers Wednesday. Henry attended a Farm Bureau meeting.

Mr. and Mrs. Charles Quarnstrom and Mr. and Mrs. John McGehee motored to Whiteface Saturday.

The friends of Mrs. Annie Campbell were sorry to hear of her misfortune of falling on an icy doorstep and fracturing the bone in her leg. She has it in a cast. She is with her daughter, Mrs. Pat Franklin. She would appreciate letters and cards.

## Dr. Bert A. Masters

posed of carelessly.

During the business meeting, members voted to send the president, Mrs. Sanders, and the candidate for state parliamentarian, Mrs. Linnie Harter, to the state convention of AAUW delegates.

The branch also voted to give a scholarship of \$50 to a Canyon High School girl to help toward her college expenses. This scholarship is in addition to the \$1 per member which the association annually sends in

support of the international fellowship program. Dr. Hattie Anderson, Dr. Ruth Lowes and Mrs. Cecil Simms were chosen to administer the fund.

The next general meeting will be a luncheon April 6.

# PURINA THE CHAMP

is coming to Amarillo Tuesday, March 19, 1957

## ON DISPLAY:

8:00 A. M.  
2907 S. Pierce

Ralston-Purina Mill

HE'S THE  
BIGGEST  
STEER ON  
EARTH...

## DON'T MISS HIM!

Take a walk through The Purina Champ... see how grain and roughage are turned into beef. See how quality of supplement influences daily gains and calf crop percentage.

See displays in motion of the ruminant digestive system. The Champ stands 12' high, 8' wide, 19' long. It's made of plastic in complete color and weighs 4,000 lbs.

Better come on down March 19 and see The Purina Champ... the greatest mobile exhibit on view in America. Don't miss it!

See The Champ! Showing through the courtesy of Ralston Purina Company and "Your Store with the Checkerboard Sign."
